

## Mandatory NRCan Form

### Homeowner Heating System and Insulation Information Form

This form should be completed by the homeowner with the help of the contractor(s). The homeowner should then provide the information to the energy advisor during the post-retrofit evaluation. The information from this form will be used by the energy advisor to properly model the implemented upgrades. It is recommended that the homeowner take pictures during the renovations to support the upgrades performed.

**1) Central air conditioning (AC); Central air-source heat pump (ASHP); Mini-split ductless AC; or Mini-split ductless ASHP (Circle one)**

INDOOR Unit Model Number:	_____
INDOOR Unit Manufacturer:	_____
OUTDOOR Unit Model Number:	_____
OUTDOOR Unit Manufacturer:	_____
FURNACE Model # (if part of ENERGY STAR qualification):	_____
FURNACE Manufacturer (if part of ENERGY STAR qualification):	_____
<b>AHRI #:</b>	Other (e.g., single package)

**You can find the "indoor model number" (evaporator coil) on the box, or on the coil before it's installed.**

**2) Oil-fired furnace / Oil-fired boiler (circle one):**

Furnace / Boiler Make: _____	AFUE: _____	%
Furnace / Boiler Model Number: _____		
Venting Arrangement: _____	Chimney / Through the Wall (circle one)	
Burner Make (e.g., Riello, Beckett, Carlin): _____		
Nozzle Size Installed (e.g., 0.75): _____	GPH _____	Pump Pressure: _____ PSI
INPUT Rating with installed nozzle as per manufacturer's specifications (Btu/hr): _____		
Second System (if applicable, provide details): _____		

**3) Roof and wall insulation**

**Roof with Attic**

Pre-retrofit:	Depth	in/cm (circle)	Type:	Area covered	%
Post-retrofit:	Depth	in/cm (circle)	Type:	Area covered	%

**Cathedral / Flat Roof**

Pre-retrofit:	Depth	in/cm (circle)	Type:	Area covered	%
Post-retrofit:	Depth	in/cm (circle)	Type:	Area covered	%

**Exterior Walls**

Pre-retrofit:	Depth	in/cm (circle)	Type:	Area covered	%
Post-retrofit:	Depth	in/cm (circle)	Type:	Area covered	%

**Foundation Walls**

Pre-retrofit:	Depth	in/cm (circle)	Type:	Area covered	%
Post-retrofit:	Depth	in/cm (circle)	Type:	Area covered	%
